

Additional \$100 Rebate Offer Through the Ameren Missouri Heating and Cooling Program—Only for a Limited Time!

For a
LIMITED TIME
get an additional
\$100! **

For a limited time, Ameren Missouri is offering an additional \$100 rebate over and above the existing program rebates. The promotion is designed to make it easy for customers to upgrade their heating and cooling equipment to a qualifying high-efficiency model.

Get the Details

- Customers must use an Ameren Missouri [participating contractor](#). Visit [AmerenMissouriSavings.com/HVAC](#) to find a participating contractor.
- New systems must be installed between August 15, 2019 and October 31, 2019, to qualify for the additional rebate. Systems that are not installed during this time period do not qualify. Eligibility will be based on the installation date indicated on the invoice and application paperwork submitted by your contractor.
- Installed systems must meet all other program eligibility criteria. Visit [AmerenMissouriSavings.com/HVAC](#) for full program details.
- The additional \$100 rebate is available for each individual qualifying unit installed.
- Contractors must submit applications no later than November 15, 2019 in order for the customer to receive the additional rebate. No separate paperwork is required.
- Customers will receive the additional \$100 rebate on the same check as their standard rebate.
- Central air conditioners and air-source heat pumps qualify for the additional rebate, as identified in the eligibility and rebate chart on the back of this document. New construction, geothermal and ductless systems do not qualify for the additional rebate.

What Equipment Is Eligible?

See a complete list of the Ameren Missouri Heating and Cooling Program eligibility and rebate information on the next page of this document.

**To be eligible for the \$100 additional rebate, you must be replacing an existing system with a new qualifying system between August 15, 2019 and October 31, 2019. New construction, geothermal and ductless systems do not qualify. Standard program rebates valid through December 15, 2021. Offer applies only to qualifying purchases. Valid only through a participating contractor. Visit [AmerenMissouriSavings.com/HVAC](#) for rebate and eligibility information.

Ameren Missouri Heating and Cooling Program

Rebate Chart – Residential Electric Customers Only

For a
LIMITED TIME
get an additional
\$100!**

Rebates valid for installs on or after March 1, 2019. Limited time offer valid for installs between August 15, 2019 and October 31, 2019.

Heating and Cooling Program Rebate Measures*	Single Family	Multifamily
Air-Source Heat Pump Replacing Air Source Heat Pump[†] AHRI Rated		
SEER 15 – Replace Operating Air-Source Heat Pump	\$400 +\$100**	\$250 +\$100**
SEER 16-17.99 – Replace Operating Air-Source Heat Pump	\$500 +\$100**	\$300 +\$100**
SEER 18+ – Replace Operating Air-Source Heat Pump (HSPF must be ≥10.0 to be eligible)	\$600	\$350
Available only when the replaced Air-Source Heat Pump meets operating/early replacement requirements. There is no failed equipment status rebate available for this improvement measure.		
Air-Source Heat Pump Replacing Central Air Conditioner and Electric Resistance[†] AHRI Rated		
SEER 15 – Replace Central Air Conditioner and Electric Resistance Furnace	\$600 +\$100**	\$400 +\$100**
SEER 16-17.99 – Replace Central Air Conditioner and Electric Resistance Furnace	\$750 +\$100**	\$450 +\$100**
SEER 18+ – Replace Central Air Conditioner and Electric Resistance Furnace	\$900	\$500
Ductless Systems[†] AHRI Rated, Per Outdoor Unit		
SEER 19+ – Ductless AC - Replace Central Air Conditioner		\$200
SEER 19+ – Replace Air-Source Heat Pump		\$300
SEER 19+ – Replace Central Air Conditioner and Electric Resistance Furnace		\$500
SEER 19+ – Installed With Existing Gas Heat [‡]		\$500
[‡] Available only in a dwelling unit with existing gas heat, but where there is no existing ductwork to the space to be conditioned by the Ductless Air-Source Heat Pump and where installation of a properly sized ducted system to that space is cost prohibitive.		
Ground Source (Geothermal) Heat Pump[†] AHRI Rated		
EER 23+ – Replace Electric Resistance Furnace	\$1,800	Not Available
EER 23+ – Replace Ground Source (Geothermal) Heat Pump	\$700	Not Available
EER requirements above are partial cooling load. Ground Source (Geothermal) Heat Pump rebates are only available when replacing a ground source heat pump or electric furnace, not when there is existing gas heat.		
Central Air Conditioner AHRI Rated		
SEER 15 – Replace Central Air Conditioner	\$250 +\$100**	\$200 +\$100**
SEER 16 – Replace Central Air Conditioner	\$450 +\$100**	\$350 +\$100**
SEER 17+ – Replace Central Air Conditioner	\$650	\$500
Electronically Commutated Motor (ECM)		
Factory Installed in a New Gas Furnace or Air Handler (Included in AHRI Efficiency Rating)		\$50
Factory Installed in a New Gas Furnace or Air Handler (Not Included in AHRI Efficiency Rating)		\$50
Retrofit ECM Replacing Permanent Split Capacitor Blower Motor (Note: This measure is not affected by AHRI rating)		\$50
ECMs installed with Ductless Air-Source Heat Pumps are not eligible for a rebate.		
Smart Thermostat		
Qualifying Smart Thermostats: see list below		\$50

*Offer applies only to qualifying purchases. Visit AmerenMissouriSavings.com/HVAC for full program details. For new construction projects that do not involve replacing systems, please refer to the Heating and Cooling program new construction rebate chart for program details.

[†]Ameren Missouri does not promote fuel switching or load building. The intent of these rebates is not to incentivize customers to use a different fuel source but to provide a portion of the cost for a more efficient unit once a fuel source has been chosen.

** To be eligible for the \$100 additional rebate, existing systems must be replaced with a new qualifying system between August 15, 2019 and October 31, 2019. New construction, geothermal and ductless systems do not qualify.

General Eligibility Information

- The equipment must meet the program's eligibility requirements listed here to qualify for the rebate. Please confirm the eligibility of your system with a Participating Contractor.
- The dwelling must be associated with a current Ameren Missouri residential electric account.
- To be eligible for participation in the program, the dwelling unit must be one of the following:
 - Single Family Eligibility**
 - Single family residence
 - Building with four units or fewer, in any configuration
 - Row house, which is defined as a single family dwelling unit that shares common vertical walls only with other single-family dwelling units
 - Multifamily Eligibility**
 - Multistory, multifamily dwelling units with greater than four units that also share a horizontal surface (floor or ceiling) with another dwelling unit
- A Participating Contractor must install qualifying equipment, and that contractor must be considered a Participating Contractor by the Heating and Cooling Program at the time of installation. Participating Contractors can be located by visiting AmerenMissouriSavings.com/HVAC or calling 1.877.215.5752. When you call the Participating Contractor, mention that you are interested in Ameren Missouri rebates.
- All rebate applications and supporting documents must be submitted by a Participating Contractor within 30 days of installation and by December 15, 2021.

New Equipment Rebate Eligibility

- Newly installed equipment must meet or exceed the Seasonal Energy Efficiency Ratio (SEER) or Energy Efficiency Ratio (EER) levels set forth by the program and documented by the Air Conditioning, Heating and Refrigeration Institute (AHRI).
- Existing operating CAC and ASHP being replaced must have a nameplate SEER rating of 12.0 or lower.
- Existing operating GSHP being replaced must have a nameplate EER rating of 12.0 or lower (partial cooling load).
- Existing failed CAC, ASHP or GSHP does not require maximum nameplate SEER/EER rating.
- Existing equipment that is operating must produce a temperature drop across the coil to be classified as early replacement. If the outside temperature is below 65 degrees, the Participating Contractor must verify that the compressor is operational.
- Rebate eligibility is dependent on the existing heating source. Please see the chart below for eligibility.

Does your house have a(n):	Then you may qualify for these program rebates*:		
	Air Conditioner	Air-Source Heat Pump/Ductless	Ground Source Heat Pump
Air Conditioner With Gas Furnace?	Up to \$650	No [†]	No
Air Conditioner With Electric Furnace?	Up to \$650	Up to \$900	Up to \$1,800
Air-Source Heat Pump With Gas Furnace?	No	Up to \$600	No
Air-Source Heat Pump With Electric Strip Back-Up Heat?	No	Up to \$600	No
Ground Source Heat Pump?	No	No	Up to \$700

*Some restrictions may apply. Valid through December 15, 2021. Visit AmerenMissouriSavings.com/HVAC or call 1.877.215.5752 for full program details.

[†]Available only in a dwelling unit with existing gas heat, but where there is no existing ductwork to the space to be conditioned by the Ductless Air-Source Heat Pump and where installation of a properly sized ducted system to that space is cost prohibitive.

Additional \$100 Offer FAQs

1. Q: How much is the limited-time additional rebate?

A: Customers will receive a \$100 rebate that is in addition to the regular program rebates. To be eligible for the additional \$100 rebate, systems need to be replaced with a new qualifying system between August 15, 2019 and October 31, 2019. Eligibility will be based on the installation date indicated on the invoice and application paperwork submitted by the participating contractor. Installed systems must meet all other program eligibility criteria. New construction, geothermal and ductless systems do not qualify. Visit AmerenMissouriSavings.com/HVAC for rebate and eligibility information.

2. Q: Will I still be able to get the regular program rebate too?

A: Yes, the limited-time \$100 rebate is in addition to the existing Ameren Missouri Heating and Cooling Program rebates on qualifying equipment.

3. Q: How will I receive my additional \$100 rebate?

A: Your participating contractor will submit the rebate application on your behalf. You will receive one check that includes both the current program rebate and the additional \$100 rebate. You can expect to receive your rebate check within eight weeks from the date we receive your application. To check the status of your rebate, please call 1.877.215.5752 or email savings@amerenmissouri.com.

4. Q: How long does this promotion last?

A: The additional \$100 rebate will be available for qualifying equipment installed between August 15, 2019 and October 31, 2019. Eligibility will be based on the installation date indicated on the invoice and application paperwork submitted by the participating contractor.

5. Q: Does my participating contractor have to do anything special for me to get this additional \$100 rebate?

A: No, there's nothing additional required of your participating contractor for you to be eligible for the additional rebate. However, keep in mind, your system must be installed within the promotional period, which is August 15, 2019 through October 31, 2019. Eligibility will be based on the installation date indicated on the invoice and application paperwork submitted by the participating contractor. Tell your contractor you're interested in the additional \$100 rebate from Ameren Missouri when you make your initial phone call.

6. Q: What happens if my participating contractor can't get my new system installed during the promotional period?

A: To be eligible for the additional \$100 rebate, systems must be installed between August 15, 2019 and October 31, 2019. We recommend that you ensure your contractor is aware that you want to take advantage of the additional \$100 rebate during your initial conversation and schedule the installation accordingly.

7. Q: Is this the only time this additional \$100 rebate will be offered this year?

A: Yes, this is a limited-time additional rebate.

Ameren Missouri Heating and Cooling Program

Rebate Chart for New Construction – Residential Electric Customers Only

Rebates valid for installs on or after March 1, 2019.

Heating and Cooling Program New Construction Rebate Measures*	Single Family	Multifamily
Ductless Systems[†] <i>AHRI Rated, Per Outdoor Unit</i>		
SEER 19+ – Ductless AC	\$200	
SEER 19+ – Ductless Air-Source Heat Pump	\$300	
Ductless Air-Source Heat Pumps are NOT eligible in new construction residences using gas as a primary heat source. The only exception is with an addition in which the dwelling's existing ducted gas heating system is not being replaced and the installation of a properly sized ducted system to the newly constructed space is cost prohibitive.		
Ground Source (Geothermal) Heat Pump[†] <i>AHRI Rated</i>		
EER 23+ – Ground Source (Geothermal) Heat Pump	\$1,800	Not Available
EER requirements above are partial cooling load. Geothermal Heat Pumps are NOT eligible if the new construction residence uses natural gas as a primary heat source.		
Central Air Conditioner <i>AHRI Rated</i>		
SEER 15 – Central Air Conditioner	\$250	\$200
SEER 16 – Central Air Conditioner	\$450	\$350
SEER 17+ – Central Air Conditioner	\$650	\$500
Electronically Commutated Motor (ECM)		
Factory Installed in a New Gas Furnace or Air Handler (Included in AHRI Efficiency Rating)	\$50	
Factory Installed in a New Gas Furnace or Air Handler (Not Included in AHRI Efficiency Rating)	\$50	
ECMs installed with ductless air-source heat pumps are not eligible for a rebate.		

*Offer applies only to qualifying purchases. Valid through December 15, 2021. Visit AmerenMissouriSavings.com/hvac or call 1.877.215.5752 for full program details.

[†]Ameren Missouri does not promote fuel switching or load building. The intent of these rebates is not to incentivize customers to use a different fuel source but to provide a portion of the cost for a more efficient unit once a fuel source has been chosen.

General Eligibility Information

- The equipment must meet the program's eligibility requirements listed here to qualify for the rebate.
- The dwelling must be associated with a current Ameren Missouri residential electric account.
- To be eligible for participation in the program, the dwelling unit must be one of the following:
 - Single Family Eligibility**
 - Single Family residence
 - Building with four units or fewer, in any configuration
 - Row house, which is defined as a Single Family dwelling unit that shares common vertical walls only with other Single Family dwelling units
 - Multifamily Eligibility**
 - Multistory, Multifamily dwelling units with greater than four units that also share a horizontal surface (floor or ceiling) with another dwelling unit
- A Participating Contractor must install the qualifying equipment and that contractor must be considered a Participating Contractor by the Heating and Cooling program at the time of installation. Participating Contractors can be located by visiting AmerenMissouriSavings.com/hvac or calling 1.877.215.5752.
- All rebate applications and supporting documents must be submitted by a participating contractor within 30 days of service and by December 15, 2021.

New Construction Rebate Eligibility

- Newly installed equipment must meet or exceed the Seasonal Energy Efficiency Ratio (SEER) or Energy Efficiency Ratio (EER) levels set forth by the program above and documented by the Air-Conditioning, Heating and Refrigeration Institute (AHRI).

Contractor Eligibility and Participation

- All interested contractors are required to attend program orientation and complete a contractor participation agreement prior to offering Ameren Missouri rebates.
- Rebate applications and supporting documentation are submitted by contractors on behalf of customers.
- In order to begin the process of becoming a Participating Contractor, visit AmerenMissouriSavings.com/hvac or call 1.877.215.5752.
